

### **Rowers Transportation:**

Rower's and/or their families drive to local regattas. Parking is often limited so allow plenty of time to make it to the tent in time for your child's race. Buses are provided for any regatta that is not taking place on the Schuylkill, such as the Cooper River and Stotesbury Cup Regatta. Buses leave from the Harriton school parking lot.

### **Rowing Attire:**

Coaches will give specific instructions, however, this is a list similar to what is expected.

Harriton Crew team Tank Tops with black spandex shorts.

Harriton Crew Rain gear.

Flip-flops.

Running Shoes.

Sunscreen.

### **How Boats Are Decided:**

The coaching staff decides upon the make up of the rowers in each boat. Boat line-ups depend on various factors such as technique, hard work, erg scores or strength tests, and how the individual rower influences the make up of the other rowers. Line-ups are also dependent on available equipment, and the number of coxswains. This is always determined based on the discretion of the coaching staff.
